RE: General Notice Letter for the CES Environmental Services, Inc. - Houston  
Superfund Site in Houston, Harris County, Texas.

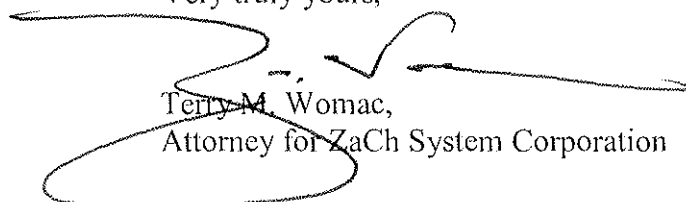

Dear Mr. Werner:

Our firm has been retained to represent ZaCh System Corporation ("Zach") to respond in good faith to correspondence dated February 27, 2015, which was received on March 2, 2015, from the United States Environmental Protection Agency ("EPA"). Specifically, the EPA's correspondence includes an invitation to Zach to join in settlement negotiations with regard to the CES Environmental Services, Inc. - Houston Superfund Site ("Site"). This invitation is based on the EPA's identification of Zach as a potentially responsible party ("PRP") for cleanup and/or response costs at the Site.

The EPA's correspondence indicates the EPA is aware that the financial ability of some PRPs to contribute toward the cleanup and/or payment of response costs at the Site may be substantially limited. Zach may be one such company. We will contact you on behalf of Zach at 214-665-6724 as suggested by the EPA's correspondence for information on "Ability to Pay Settlements." We will request that the EPA consider Zach's ability to pay in determining any appropriate settlement amount. We look forward to receiving the information and continuing the dialogue of potential settlement on behalf of Zach.

Thank you for your attention in this matter, and please do not hesitate to contact me with any questions or concerns at your convenience.

Very truly yours,

Terry M. Womac,  
Attorney for ZaCh System Corporation
